Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Tuesday 12 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mostly dry and cloudy for Wednesday. Mild.

This Evening and Tonight:
Outbreaks of rain continue through the evening and night, heavy at times across the region. Mostly dry to the far west of Cornwall. Rain for most clearing east and easing by dawn. Rather mild. Minimum temperature 4 deg C (39 deg F).

Wednesday:
Mostly dry and cloudy on Wednesday morning across the region. Dry conditions will continue through the evening before rain arrives from the north and spreads across the region. Feeling mild. Maximum temperature 12 deg C (54 deg F).

Outlook for Thursday to Saturday:
Rain overnight clearing on Thursday leaving a largely dry day with some bright spells. Dry conditions continue on Friday before overnight rain, clearing during Saturday morning. Temperatures near average.
